Sir:

Pursuant to 37 C.F.R. § 1.56, and in addition to information disclosed in Applicants' Information Disclosure Statement filed April 20, 2004, Supplemental Information Disclosure Statement filed July 30, 2004, and Supplemental Information Disclosure Statement filed April 6, 2006, the attention of the Patent and Trademark Office is hereby directed to the references listed on the attached Form PTO-1449. It is respectfully requested that the information be expressly considered during the prosecution of this application, and that the references be made of record therein and appear among the "References Cited" on any patent to issue therefrom. The listing of a reference herein is not an admission that the reference is prior art or that the reference is material to patentability.

This Information Disclosure Statement is being filed more than three months after the U.S. filing date and after the mailing date of a Final Action or Notice of Allowance.

Application No. 10/749,171

I hereby certify that each item of information contained in this Information Disclosure Statement was cited in a communication from a foreign patent office in a counterpart foreign application not more than three months prior to the filing of the Information Disclosure Statement on April 6, 2006. 37 C.F.R. § 1.97(e)(1). However, the item of information, an Office Action from the Japan Intellectual Property Office (JIPO), was presented in Japanese. Therefore, a concise statement of relevance in English was not available at that time.

A summary of the JIPO Office Action in English was provided to us by our associates today, June 23, 2006. Thus, a copy of the summary in English is being promptly provided to the USPTO. A *bona fide* attempt has been made to comply with §1.98. 37 CFR §1.97(f).

The reference cited in this Supplemental Information Disclosure Statement is currently before the Examiner of this case. A copy of the English summary of the Japanese Office Action is enclosed.

Respectfully submitted,
